SELECTMEN'S REPORT

The residents of Boscawen are to be congratulated upon the Town's financial condition for the year 1934. The Town per cent of Net Debt to the assessed valuation is 1.23% which is exceptionally low in comparison with most towns in the state. With a decreased rate of taxation, the budget has been balanced, there were unusual heavy expenses, the Town debt has been reduced \$2,322.00—\$1,000.00 by direct appropriation, the balance due to administration.

In the 1934 report the amount of long term notes is \$16,000. The assets reduced the net debt to \$10,234.26. The value of the Town property listed at \$35,750 is not included in obtaining the net debt. Much credit should be given Mr. Charles Sweatman for maintaining the highways in excellent condition. Two new streets have been constructed, and families, especially the mothers, deserve great praise and admiration for their pioneer spirits. The City of Concord contributed aid in patrolling the river and opening frozen sewers without financial costs to Boscawen. Projects are being presented and if allowed should furnish to all wishing, employment for the coming year.

J. PAUL JONES,

HOWARD L. HOLMES,

Selectmen of Boscawen.

BOSCAWEN PUBLIC LIBRARY

"Books are the food of youth, the delight of old age; the ornament of prosperity; the refuge and comfort of adversity; a delight at home, and no hindrance abroad; companions at night, in travelling, in the country."

Our library was the first to receive a group of 86 Childrens' books. After examination of the books by the librarian and trustees in anticipation for further purchase, they were carried on to Franklin.

A new schedule was decided by the librarian and trustees to open the library Tuesday, afternoon and evening beginning December first, for the benefit of the High School and Grade Students who have shown their appreciation for this opportunity to visit the library for reference and reading. An average of 49 books are given out each Tuesday.

This plan has made no additional expense for the town and has been very helpful to the students. We appreciate the efforts of the librarian, her assistant and the janitor for their cooperation.

The Vacation reading club was conducted as usual with 21 registering at Boscawen and 17 at Penacook Branch.

National Book Week was observed in November at Boscawen with an attendance of 150. The librarian, assisted by the teachers in the local schools arranged an interesting program consisting of vocal and instrumental music and a dramatization of chapters of certain books which was presented by pupils of the different schools. Motion pictures were enjoyed through the kindness of Perley Ayer of Penacook. The pictures were: Pied Piper of Hamelin; Rocky Mountain Big Horns, and Felix in Fairyland. Brief remarks by Edward Webster, treasurer of the board of trustees.

Mrs. Elizabeth G. Hall, secretary, presented certificates and other awards to 19 of the boys and girls. There were 125 present at the Penacook Branch party. The same motion pictures were shown by Perley Ayer and Mrs. Alice M. B. Ranney of the board of trustees presented certificates and other awards to 14 boys and girls.

The library room has been re-decorated and made very attractive as one of the C. W. A. projects in town.

The Boscawen library entertained the annual District Neighborhood meeting of the New Hampshire Library association in June with 41 librarians and trustees in attendance. Mrs. Marjorie Emery had charge of the arrangements and Mrs. Alice M. B. Ranney welcomed the guests. Interesting sessions were held during the morning and afternoon. Dinner was served in the town hall by members of the W. C. T. U. At the business meeting Mrs. Emery was elected secretary for the coming year. The association will meet with Pittsfield this year. Following the adjournment of the meeting the guests were taken to the Penacook branch of the local library.

The work of mending and re-binding has gone on as usual—402 books mended and 33 sent to the Barnard Bindery Co., for re-binding.

The library booth at the Grange fair arranged by the librarian and her assistant portrayed the library as The Gateway to Knowledge, the books being inside the gates to help all those who wish to further their education through good reading.

Our librarian attended the annual meeting of the New Hampshire Library Association held at Exeter in September.

This year 319 books were added to the library. 244 by purchase; 75 were gifts and we express our thanks to the donors: Mary K. Colby, Ina Hibbard, Rev. George F. Barnard, Clarence Gibeau, Lucy Harris, Dr. Mary L. R. Farnum, Mrs. Lizzie Gerrish Willard, Jonathan MacIntyre.

Martha and Calvin Bassett gave 48 supplementary reading books for grade schools. A set of seven books was received from the National Publishing Co., as a gift of the author, Algernon S. Logan.

The Penacock Congregational Church, Boscawen Woman's Club and Ezekiel Webster Grange enrolled in the reading contest.

Circulation for the year: Adults—fiction, 10,175; non-fiction, 1,535; Juvenile—fiction, 2,598; non-fiction, 1,255; total books—15,563; magazines, 860.

During the Christmas holidays two decorated trees were placed in the library windows and lights at the entrance, which were enjoyed during the holiday season. We wish to thank Jonathan MacIntyre who gave his time in turning on and off the lights.

ELIZABETH G. HALL,
Secretary of the Board of Trustees.

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens:

During the past year or two so many questions have been asked about the working of the State Aid Law, the large changes in the amount of aid received by Boscawen from year to year and the consequent change necessary in the school tax rate that I shall attempt to explain the situation.

To figure the fluctuations in State Aid from year to year requires careful accounting, but no "juggling" of figures is involved. It is difficult to explain orally so as to hold the attention of a large public meeting, but I shall attempt to give an explanation that some of you who are interested will be able to study in a quiet half-hour at home and get at least a general idea of its application to Boscawen.

The equalized valuation of a town is the assessed valuation with, usually, the addition of two or three small items figured by the State Tax Commission. If Boscawen School District raises a \$5 tax on each \$1000 of its equalized valuation for the support of its *elementary* schools, the state undertakes to furnish the balance necessary to run them, provided that the State Board of Education approves the expenditures. In October of each year the School Board submits its budget for the year to the State Board, which they return with or without alterations, for the use of the School Board. For all expenditures not in excess of this approved budget, item by item, the state owes the district the balance above the \$5 tax.

The exact amount of State Aid due for any one year is not known until the books are closed at the end of the year (June 30), when the exact expenditures are known. If the

district is to pay its bills on time, either it must be raised, at the previous March meeting, an added amount of money, for which it will later be reimbursed, or the state must arrange to pay the district an amount estimated several months before the exact amount due is known.

To know how much money we need to raise in March for the following school year, we must know how much State Aid we are to receive. Payments are made to us in December. Before the March meeting the State Board sends us their estimate, based on the latest approved budget, that of the previous October. If the approved budget for the following October—and the expenditures to the end of that year in June—are, for example, \$500 more than the previous budget on which this estimate was made, the state will owe us \$500 in addition to the amount paid to us in December. If the budget and expenditures under it are \$500 less than the budget on which the estimate was based, we have in our treasury \$500 which never belonged to us, because we did not need it to support our elementary schools that year.

A study of the table below will show the method of figuring for several years. Note that the State Aid received in December of any year is figured in the previous column, from that year's budget. The budget for 1932-33 was \$704.14 less than that of 1931-32 on which the \$2,514.88 paid us in December 1932, was figured. Space forbids me to enumerate the several small credits, some due us and some due the state, which reduce this amount to a credit of \$623.10 due the state which was deducted from the amount the State Board paid us in December, 1934. You will note that while a decrease in the Budget *reduces* the amount of State Aid due us, a decrease in the \$5 tax *increases* the amount.

	1931-32	1932-33	1933-34	1934-35
Approved Budget	\$5,743.54	\$5,039.40	\$5,153.00	\$5,356.50*
\$5. Tax	3,228.66	3,404.72	3,040.72	2,841.22
Amount Necessary				
to Balance Budget	\$2,514.88	\$1,998.68	\$2,112.28	\$2,515.28(b)
Adjustment Credits				
on 1932-33 Budget				
Due to State			623.10	
State Aid Received			1,489.18	
in December	(a)\$2,158.53	\$2,514.88	\$1,998.68	\$1,489.18

Notes: (a) Figured from budget of 1930-31. (b) State aid to be received in December 1935. (*) Estimated Receipts for Elementary Tuition, \$72.00, have been deducted.

As I see it, the whole administration of state aid aims to finance in the districts overburdened with taxes, elementary schools of such a quality as the districts should themselves provide if they were able; schools no better than the average community which is alive to its educational needs would wish to support. It is not intended to foster in any district a taste for unnecessary luxuries because state money "comes easy".

Having taken considerable space in treating this topic, the other material in the school report is submitted without comment.

Respectfully, .

GEORGE W. SUMNER
